# OIL STAMP SAVING SCHEME

## YOUR QUESTIONS ANSWERED

### WHAT IS THE OIL STAMP SAVING SCHEME?

*It is a scheme that is being launched throughout the borough of Dungannon & South Tyrone Borough Council to help ratepayers budget and save for their central heating oil.*

### HOW DOES IT WORK?

*Collect your free oil stamp card from your participating retailer and complete the name and delivery address section. Stamps costing £5.00 can be purchased and affixed onto the card. The card either complete or partly completed can then be used as payment or part payment for heating oil with participating oil suppliers.*

### CAN I USE ANY OIL STAMP ON MY COLLECTION CARD?

*There are other similar schemes operating in other areas so please make sure you only use Dungannon and South Tyrone Borough Council stamps on your cards as we can't accept stamps from other areas.*

### SO I HAVE A CARD WITH STAMPS ON SO WHAT DO I DO NOW?

*There are a number of oil suppliers who have joined this scheme and will accept your cards. An up to date list is available from the Environmental Health Department on 028 8772 0366.*

*As each oil supplier may operate their business slightly differently just contact the supplier when you are ready to order your oil. It is your responsibility to agree with your chosen oil supplier the price, delivery method and payment method"*
